Getting a head start on CE credits this new year

Submitted by Victoria on February 18, 2021 - 1:14pm

We know that continuing education (CE) opportunities are important, and we're committed to delivering easily accessible courses that are relevant to you and your business.

With the calendar hitting reset, now would be a good time to get a jump on your CE credits. This month consider checking out the new **Understanding disability insurance** course. This course takes a closer look at Canada Life disability insurance products and helps prepare you for conversations with your clients.

Our full course offering can be found [here](#). Be sure to bookmark this page and check back often ? we'll be adding more courses throughout the year.

As a reminder, you're required to log in to see content intended only for you, like our course offering, as part of the Accessibility for Ontarians with Disabilities Act (AODA) that came into effective Jan. 1, 2021. If you don't remember your RepNet user ID or password, click the appropriate links on the log in page. If you're having trouble logging in contact ServiceDesk at 1-800-475-7001.

Looking for something in particular or have suggestions for additional course content? Reach out to [Julie Jeffrey](#), Business Manager, MGA Partnerships to share your feedback.

Note: You can expect to receive your CE certificates by email within 7-10 days of successful course completion.
